18 MPH

WL200 WHEEL LOADER

The WL200 offers affordability and performance in snow, agricultural and construction working environments. For snow removal operations, the WL200's Cummins engine enables you to power through the toughest jobs.

With four-wheel drive and ergonomic joystick controls, you'll move from task to task with ease. The 4 speed gearbox gives you a speed range of up to 18 MPH. Included features like an air ride seat, ride control, heat/AC, bucket float, auxiliary hydraulics, radio and engine warmer all come standard.
